

DRAGON

The word "DRAGON" is written in a bold, italicized, black-outlined font. The letters are white with a thick black border. Below the letters, there is a red graphic element that resembles a dragon's head or a flame, extending from the bottom of the 'D' and 'R' towards the right. The graphic is filled with red and has a black outline, with some internal black shapes that suggest a dragon's snout or a flame's structure.
